Instructions / Instrucciones

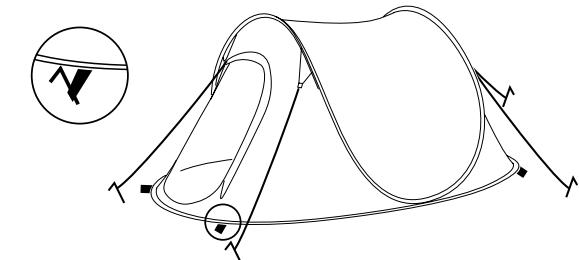

Pop Up Tent / Carpa de despliegue automático

PRECAUTIONARY MEASURES REGARDING FIRE AND VENTILATION

- Additional ventilation will be necessary when using gas or other combustion devices.
- Do not place any hot devices close to the walls, roof or curtains.
- Always observe the safety instructions for these devices.
- Never allow children to play in the vicinity of hot devices.
- Keep exits free of obstructions.
- Make sure that you are well aware of the precautions against fire on the premises.
- Make sure that the ventilation openings are open at all times in order to prevent suffocation.

MEDIDAS DE PRECAUCIÓN RESPECTO AL FUEGO Y LA VENTILACIÓN

- Se necesitará ventilación adicional al utilizar dispositivos a gas u otros combustibles.
- No colocar sobre dispositivos calientes, cerca a las paredes, techos o cortinas.
- Siempre tenga en cuenta las instrucciones de seguridad de estos dispositivos.
- Nunca permita que los niños jueguen cerca de dispositivos calientes.
- Mantenga las salidas sin obstrucciones.
- Asegúrese de conocer bien las precauciones contra incendios en las premisas.
- Asegúrese de que las aberturas de ventilación estén descubiertas en todo momento para evitar sofocación.

- Use steel tent pegs to attach the tent floor at the 5 attachment tabs.
- Properly tension the guy lines with the steel tent pegs.
- ! Observe the position of the tensioning strap!
 - Before packing the tent, place the tensioning strap around the tent in order to prevent the tent from popping open.
 - Only pack the pop-up tent when it's completely dry, in order to prevent mold stains, fabric damages and possible fabric discolorations.
- ! ¡Tenga en cuenta la posición de la correa tensora!
- Para evitar que se despliegue, enrolle la correa tensora alrededor de la carpa antes de empacarla.
- Empaque la carpa de despliegue automático sólo cuando ya esté seca para evitar la formación de manchas de moho, daños en la tela y posibles pérdidas de color.
